SUMMARY

Detail-oriented Frontend Developer and BCA student at SDJ International College with a strong foundation in modern web architectures (React, Astro, TypeScript, Tailwind CSS). Experienced in building responsive, interactive applications, integrating generative AI SDKs, and managing local database transactions. Passionate about problem-solving and open-source contributions. Seeking a Frontend Developer Internship to deliver premium user experiences.

OPEN SOURCE CONTRIBUTIONS

Independent Contributor

2024 - Present

- Staged, reviewed, and pushed bug fixes and documentation enhancements to public GitHub projects.
- Collaborated with international developers using Git and GitHub workflows to inspect issues and verify style changes.
- Leveraged branch staging and tracking tools to coordinate patches with project maintainers.

FEATURED FRONTEND PROJECTS

VidyaEnroll – AI Admission Portal

[Live Demo](#) | [GitHub](#)

Developed a responsive multi-step admission wizard using React, TypeScript, and Bootstrap 5. Features real-time subject eligibility evaluations, Aadhaar validation rules, and a mock payment portal with 3D-tilting credit card effects and UPI QR scanning simulator. Connected to Gemini AI API for counseling query dialogue responses.

FlixCart – Online E-Commerce Catalog

[Live Demo](#) | [GitHub](#)

Built a responsive Astro and React catalog featuring Zustand client-side shopping list state management, categories autocomplete searches, product comparisons, and dark/light mode toggles styled using Tailwind CSS utility variables.

Personal Portfolio Website

[Live Demo](#) | [GitHub](#)

Designed a premium, state-of-the-art developer showcase featuring a dynamic dark theme, glassmorphic layout, and glowing gradients. Integrated an interactive skills marquee, a contact validation system, and a custom blog layout.

Movie Booking & Showcase Website

[GitHub](#)

Engineered a responsive movie ticketing application containing interactive seat selection matrices, pricing schedules, and transaction receipts. Styled using HTML5, CSS3, Bootstrap, and vanilla JavaScript.

EDUCATION

2024 - 2027 Bachelor of Computer Applications (BCA) at **SDJ International College**
Veer Narmad South Gujarat University, Surat, Gujarat

(CGPA: 8.6/10.0)

TECHNICAL SKILLS

Languages	JavaScript (ES6+), TypeScript, HTML5, CSS3, C, Python, SQL (MySQL/SQLite)
Frameworks & Libs	React.js, Astro, Tailwind CSS, Bootstrap 5, Express.js, Node.js, Django, jQuery
Databases	MongoDB, MySQL, SQLite, Mongoose, Django ORM
Developer Tools	Git, GitHub, VS Code, Vite, npm / bun / yarn, Figma, Postman
Core Concepts	RESTful APIs, Responsive Design, State Management, OOP, Data Structures, AI APIs Integration

ACHIEVEMENTS & EXTRA-CURRICULARS

Blind Coding	Winner of SDJ College Blind Coding competition; completed logic problems with screen disabled.
Error Finding	Winner of SDJ College Error Finding and Debugging competition; identified and resolved codebase bugs.
Extra-Curricular	Active contributor to college technical magazine; volunteer at inter-college student workshops.

INTERESTS & HOBBIES

Tech Exploration	Passionate about researching next-generation web tools, frameworks, and design systems.
Tech Blogging	Sharing coding tutorials and software development articles on my personal portfolio developer blog.
Sports & Fitness	Playing active Football and Cricket to build teamwork, strategic planning, and collaboration.

LANGUAGES

English (Professional Working Proficiency), **Hindi** (Bilingual Proficiency), **Gujarati** (Native Proficiency)
